Commissioner for Patents
P.O. Box 1450

Sir:

In a telephone message left by Examiner Odland on January 22, 2004, in response to a telephone message left by Applicant's undersigned representative on January 19, 2004, Examiner Odland indicated that no Preliminary Amendment appears in the file wrapper.

The Preliminary Amendment is believed to resolve at least the specification objections and the objections for improper dependency of claims 4-7 and 11 in the Office Action of January 2, 2004. The Office Action states (page 4) that claims 4-7 and 11 were not treated on the merits.

Attached are copies of the Preliminary Amendment filed October 2, 2000; the application transmittal letter filed October 2, 2000 (referring to the preliminary amendment in the second paragraph); the filing receipt including the Preliminary Amendment and transmittal letter, date-stamped by OIPE on October 2, 2000; and a copy of the serial number card.

Entry of the Preliminary Amendment and consideration of claims 4-7 and 11 on the merits are requested.
